

INSIDEOUT & BREAKLOCK

TWO LOW COST ADD-ONS TO MAKE LIFE A LITTLE EASIER

INSIDE OUT—the cheapest way to obtain 'ROM EXPANSION' on your BBC micro.

- * Can be connected to BBC or Expansion Board socket
- * Special L.I.F. socket for 100's of trouble free insertions
- * Mounts on any flat surface
- * Easily removed and re-fitted
- * No costly cartridges
- * EPROM plug-in-and-go

ONLY £13.00 (+50p P + P and VAT)

BREAK LOCK—Ever hit your 'BREAK' key when you didn't mean to?

- AVOID DISASTER**—when inadvertent use of 'BREAK' key will cause loss of data and/or programs.
- * Render any machine—TAMPER PROOF
 - * Prevents accidental or unauthorised use of 'BREAK'
 - * Fits easily and neatly into the BBC's 'Key Tray'
 - * Cheaper and more effective than security ROMs.

ONLY £8.95 (+50p P + P and VAT)

ATPL—WHO?

Many companies in this business seem to appear from nowhere and disappear just as quickly. We are sure you must sometimes wonder exactly who you are dealing with.

ATPL was set up in 1983 as a subsidiary company of Logic Control Systems Ltd. L.C.S. have been in existence some 15 years, providing Industrial Control Systems for "blue chip" companies in a wide range of industries. ATPL design and manufacture Industrial Computer Equipment for use within similar applications.

ATPL 'Hot-Line'

ATPL products are all guaranteed for 12 months from the date of purchase. We also offer technical assistance, for anybody with queries relating to our products, which is available on our normal telephone number between 3pm and 5pm Monday to Friday. Ask for 'HOTLINE'.

If you have any queries relating to the information contained within this leaflet, please contact us.
